The presence of a steamer at the set is not our view of the matter. t e party where that it, as its exposure vast preparation that are being made by the alto the malne of all et me.

Some wing the above motion, we have seen the article of the Souary Times, which only commarkable for a few effect, for seed on a mentatement. We did notice and comment of the source of the form would be article from the lower on Sowern references the interface of the Care at American politic time as trace of some terminal to the phase—it would stake the source of some terminal to the phase—it would stake the source of some terminal to the phase—it would stake the source of some terminal to the phase—it would stake the source of some terminal to the phase—it would stake the source of some terminal to the phase—it would stake the source of some terminal to the phase—it would stake the source of source the source of source terminal to the source terminal terminal to the source of source terminal ter

shall become due, and to discharge the pinc - symmetry of the hull is very tine.

member that a correspondent of ours, over the signature of "Merchant", under these identification. The first of the city can be maintained only the to-bervence of all begain requisitions into the contracting of delts and in the issuing of local and it is filled remarkable that the cry author that the contracting of delts and in the issuing of local and it is filled remarkable that the cry author and the people has been keepfore on unmadful of these matters. We have no death our testimens would ever repediate bands much as contracting the manufacture of these matters. We have no death our testimens would ever repediate bands much as decreased in the discussion of the contracting of delts and in the same of the contracting of the same of the manufacture of the same of the contracting of the same of the contracting of the same of the contracting of the same of the same of the same of the contracting of the same of the s

tucky and the South would like to know it. We are disposed, however, to attribute the recent figures of the Journal to the absence of the sentence of the Journal to the absence of the sentence of the Journal to the absence of the Journal of the Times is imply intruct.

That paper cannot show a sentence in the Journal in which we have endorsed a engle sentiment derogatory to the 1 ve State; of the contrary, we have endeavored to vindic te them 1 on aspers of the coverage of the contrary, we have endeavored to vindic te them 1 on aspers of the coverage of the sentence of the coverage of the coverage of the coverage of the sentence of the coverage of the special possessions of Spain are the only represented to take this method of giving public ity to a circumstance which has probably season of a liberal and popular government to it is most likely to be made known by the Hindsoit's Bay Company, whose peculiar to the public are certainly not aware, from a conviction that it is not likely to be made known by the Hindsoit's Bay Company, whose peculiar to the public are certainly not aware, from a conviction that it is not likely to be made known by the Hindsoit's Bay Company, whose peculiar policy leads them to avoid all occasion of drawing the public are certainly not aware, from a conviction that it is not likely to be made known by the Hindsoit's Bay Company, whose peculiar policy leads then to avoid all occasion of drawing the bargain away Cuba. That chemistration that it is not likely to be made known by the Hindsoit's Bay Company, whose peculiar policy leads then to avoid all occasion of drawing the public arecent the only the first and publicative to a circumstance which has publicate on the public are certainly not aware, from a conviction that it is not likely to a circumstance.

The teritorial possessions of Japan and tor that cause are prized of the count writer can arrive at his conclusions from such sender premises. Pist is a dried by the Rissas is the intermediate or in such sender premises. Pist is a dried give in the Rissas is the intermediate or in the abolition agitation in the courty—the secret coal, for of Douglas and Nebraska of the one has and Garrison. Physical Research of the first agreed which it was agreed that our ardent annexationists, by which it was agreed that the two communities should at the two communities. We suspect that our around which her Cuba annexationists or Canada annexa-whicher Cuba annexationists or Canada annexa-Von will prohably have seen a statement of the nations of the nat

Nebraska on the one had, and Garrison. The lips, Parker, a dother negro is alers of the laps, Parker, a dother negro is alers of the laps of the seems from the having of the writer, has been playing the something for them in the curl, as it does game all along during many years, going back some or later for almost every other sort of some or later for almost every other sort of body of Englishmento make a private comprised for almost every other sort of the particular of the to at least the year 1819.

Now this pile cate is lock to us very in ich like a ruse de gue recompanie to the period of the state of th to know more of this treaty, and of the ground all of the present in this conviction to know more of this treaty, and of the ground upon which a colorsal corporation, to whom we have delegated the government of a continent, and whom we have invested with powers and privileges unknown in any other part of our Lindon. m so between the two contries.

An unit Egyptians, abridged from his larger This proves the tire allegation to be unities.

An unit Egyptians, abridged from his larger privileges inknown in any other part of our lin pire, claim an immunity from the common burdens influence with the said the common burdens influence and the common burdens influence to the common burdens in a war white the said the common burdens in a war white the common burdens in a war white the common burdens in the common burdens i The second is that we have favored the fusion live hundred wood-cuts. New York: Harper pres 1 am, sir, your obedient servant.

Aug. S. A. K. ISBISTER.

We bave been extremely gratified in the perusal of the volumes mentioned above. Although From China.-The Rev. Mr. Maclay, the The a '- Nebraska gathering came off on the oth.b it is done are not yet down in the small bill. The sa coil cting of the odds and ends of all creation who are opposed to the Nebraska land who are do posed to kirk up a fuse that mention of this people by the ancient historians, their mentionests and hieroglyphics of first version of the Nebraska bill. It is give slave aw, reconstruction to the new word of the large liberty as I the most glaring about the large plants have been a mild from the incidental mention of this people by the ancient historians, their mentionests and historians, their mentionests and historians the row reconstruction of the Nebraska bill. It is not a ring a dead letter until within a few years to be a considered as the submits of the city, just across the large historians, their mentionests and historians the submits of the front of the house we saw a large fire raging in the submits of the city, just across the large historians the storians that the submits of the front of the house we saw a large fire raging in the submits of the city, just across the large plants have the submits of the front of the house we saw a large fire raging in the submits of the city, just across the large plants have the submits of the fire of the Method st mission in China, the submits of the corresponding secretary from Fun Chaw:

April 10th.—Night before last we were awaked to a ring a dead letter until within a few years to a ring a dead letter until within a few years as a let to the foot of the house we saw a large fire raging in the submits of the city, just across the river from our house. Under similar city from Fun Chaw:

April 10th.—Night before last we were awaked to the large plants and the submits of the foot of the Method st mission in China, thus writes to the corresponding secretary from Fun Chaw:

April 10th.—Night before last we were awaked to the submits of the foot of the Method st mission in China, thus writes to the corresponding secretary from Fun Chaw:

April 10th.—Night before last w

present volumes are a part of the fruits.

The emblematic representations, from which our author obtains his information, are found principally at Beni-Hassan and Thebes. They relate more particularly to the social than to the political life of the Egyptian, and describe we summare. is a will be go themselves to the advocacy of the large. The run all the most glaring about 1 he will be found Democrats of all to pes. Free I and Abolition Wings, Socialists, or nearies, Spitutualists, and the disciples of most of the vagaries which now affects ociety.

The emblematic representations, from our author obtains his information, are not of the vagaries which now affects ociety. ed go of t Saratoga convention reached us political life of the Egyptian , and describe inentiable our theless, utterly We give below a part of a letter from the cor-espondent of the New York Courier & Enquirer. The close detail of ilomestic manners, portrayi g with life-like accuracy the every day cus-

forming a new party, whose business is to be considered that it gives satisfactory explanations of many texts of Scripture heretofore thought to be obscure, recommends it highly to preachers, biblight for two reas. One was to show that M. Putram was covering a literary magazine into a velocle of political abuse, and secondly to example the work at Messrs. Murton & Grissen and Sunday school teachers. They can find the work at Messrs. Murton & Grissen and Sunday school teachers. They was not surprised to learn that all the person connected with this eating house had made the school of the surprised to learn that all the person connected with this eating house had made the school of the surprised to learn that all the person connected with this eating house had a school of the surprised to learn that all the person connected with this eating house had and the school of the surprised to learn that all the person connected with this eating house had a school of the surprised to learn that all the person connected with this eating house, and as Chinese laws hold the occupants of the house laws hold the occupan
